SECURITY. SAFETY.
SMART HOME CONTROL.
**TOGETHER,
UNDER ONE ROOF.**

Honeywell Home ProSeries
by Resideo.

Introducing ProSeries.

THE ULTIMATE SECURITY BLANKET, TAILORED TO FIT YOUR HOME

We developed ProSeries, our ultimate professional security system to bring security, safety and the smart home together in a way that makes it easier to control and grow over time.

As a homeowner, nothing matters more than protecting your home and the people inside it. ProSeries offers professionally installed security and safety, detecting intruders, fire, floods and carbon monoxide. With professional monitoring around the clock, first-responders can be called for help when you need it most.

Along with professional security and life safety, ProSeries makes your home smarter – and allows it to be managed together, from one system. ProSeries connects your home with touch-screen panels and a built-in Amazon Alexa voice assistant. You can control your security settings, raise and/or lower your thermostat, adjust lighting and much more; all with the touch of a button or a simple voice command.

Just sit back, relax and let the Pros help you find the right solution so you can focus on what really matters.

When you are away, the Total Connect app helps ensure you stay in touch with your home. And when you come home, ProSeries can set the scene, adjusting lighting and thermostats automatically when you disarm the system – giving you a warm welcome home every time.

THE PROSERIES PACKAGE

-  World-class security
-  Whole-home safety
-  Smart home control
